K. Wah Asphalt offers a full range of cold milling and resurfacing services in the preservation of bituminous carriageway. We use advanced equipment with experienced technicians to replace the defective surfacing materials and improve riding quality. We offer a rapid job turnaround and ensure consistency, accuracy and high standard of workmanship.

In addition, we can provide temporary traffic arrangement service for road closure. Also, we can remove and dispose milled asphalt chips for clients. The materials collected are returned to our asphalt plant in Sheung Shui for further processing and reuse.

嘉華瀝青提供一系列的刨鋪路面服務，修復破爛的瀝青路面，改善路面質素，提升路面安全性及駕駛時的舒適度。我們擁有先進的機器設備及經驗豐富的操作員，以確保施工質素、路面的平坦及準確度，並且迅速完成修復工程。

同時，我們亦可以為客戶提供封路服務，並將刨除的瀝青送返我們的上水廠房，經破碎及篩分處理，生產再生瀝青。
